John XXIII College
Seek Justice

December 2017

To the John XXIII College Community

Our 40th year has been very successful for the College. Our enrolments remain strong and we are well placed financially as we move into the next phase of our Master planning.

There will be some fiscal challenges into the future with changes in Federal government funding impacting on John XXIII College and other schools with a high SES rating. However, sound financial management means we are well placed to ensure that future fee increases are kept at a minimum.

It has been a year of consolidation after the completion of our Performing Arts' Centre in 2016. The College Leadership has engaged in extensive surveying of our community to ascertain future strategic direction.

The results of the survey will guide our College Council and Leadership Team to make informed decisions around strategic direction and the facility changes required to ensure the vision becomes a reality.

We particularly acknowledge Sr Marg Finlay ibvm as her time on the Council concludes. Sr Marg's passion for the College and her lived example of the Loreto charism has been an inspiration to us all. We welcome Mrs Cate Sydes as the Chief Executive Officer of Loreto Ministries Ltd. We have also welcomed Ms Sarah Rohr to the Council this year.

I would like to express my sincere thanks to all the College staff, Council members and members of our sub committees for their hard work and support during the year. Our College would not be in such a strong position without the dedication and commitment of these professional people.

Mr Julius Matthys
College Council Chair
