MUSIC SPECIALIST PROGRAM

(Approved by the Department of Education)

Auditions for ongoing students and testing for beginner students will be held on **Saturday 25 May 2019**. Commitment

The Music Specialist Program is at least a four year commitment. It is expected that students enrolling in this course for Year 7 will participate until at least the end of Year 10. This is seen as an ongoing subject where students can learn their instrument from an early age, continue to develop musically and then have the choice of studying music at a Year 11 and 12 ATAR level. The program includes

- class music, which includes aural and theory skills, Kodaly ear training and composition;
- a weekly group instrumental lesson with an IMSS staff member; and
- two after school ensembles, including Choir.

If your child is an out of area enrolment and you choose to leave the Specialist Music Program this may result in cancellation of college enrolment.
