

## FBR Appoints Peter Scott to Advisory Committee

### Highlights

- Mr Peter Scott appointed to Advisory Committee, joining inaugural member Curtis Rodgers
- Mr Scott is an experienced construction and technology professional with over 40 years experience in the industry, most recently serving as a Group General Manager of Brickworks Building Products

**Wednesday, 22 August 2018** – Robotic technology company **Fastbrick Robotics Limited (ASX:FBR)** ('FBR' or 'the Company') is pleased to announce the appointment of Mr Peter Scott to its Advisory Committee.

Mr Scott was most recently the Group General Manager of Operations for Brickworks Building Products, one of Australia's biggest providers of building products. Mr Scott spent 15 years with Brickworks Building Products, and was responsible for planning, delivering and managing a number of manufacturing facilities. Prior to joining Brickworks, Mr Scott spent 10 years at Bristile Limited, both when it was owned by Futuris Limited and when it was publicly listed in 1997, where he was Director of Marketing for Metro Brick and Bristile Roofing. Mr Scott played an important role in helping grow Metro Brick to be the equal market leader within four years.

Mr Scott is experienced in commercialising new technologies, spending two years as General Manager of AES Prodata, a contactless card technology developer that was acquired by ERG Limited. AES Prodata developed the magnetic stripe-based automated fare collection systems fitted to all modes of transport operated by the State Transit Authority in Sydney until 2008.

Mr Scott also spent 14 years with Bunnings Building Supplies, where he was the General Manager responsible for planning and project managing the delivery of Bunnings Building Supplies Warehouse stores. Mr Scott was instrumental in turning the Engineered Timber business of Bunnings into a profitable segment within two years of his appointment. In addition to Mr Scott's participation as a member of FBR's Advisory Committee, he will also be providing additional professional services to FBR as a strategic consultant and in particular, to assist with managing and developing key relationships in the construction materials arena, with a focus on the brick and block sector globally.

Commenting on Mr Scott's appointment, CEO Mike Pivac said: "We are pleased to have Peter join our Advisory Committee, which was established to provide FBR with guidance, advice and networking assistance as we expand our global footprint. Having Peter on board will provide the Company with great support as we progress the Hadrian X programme toward commercialisation and to assist with the business modelling and market entry strategy for FBR."
