#### **Alexander (Alex) van Hoek (Year 12 Brisbane House)**

Alex has represented the College in volleyball since Year 10. His service to both his team and the culture of the sporting programme has been outstanding. His appointment as Captain of the First

team this year was an obvious choice due to his contagious passion and energy for the game. Alex's high expectations for the team saw him share his technical skills in training and matches and he rallied the team to ensure they achieved their best possible results.

His dedication to the development of the next generation of players saw him attend training with the younger boys, where he helped to develop their skills and provided special attention to the team hitters.

Alex initiated the first Scotch team to play in the Winter Volleyball League, taking on a managerial role and providing the team with the opportunity to gain more competitive match experience. He captained the College's first team to enter the gruelling Australian Volleyball Schools Competition, the largest volleyball competition in the Southern Hemisphere and saw them return excited to experience more tournaments. Alex has represented the Freo Fury in the WA Volleyball League and, last year, took part in the WA Volleyball Development squad, reaching the second round for selection at state level.

Alex is congratulated on his award of Honours for Service to Volleyball.

#### **Benjamin Marshall (Year 12 Ross House)**

Benjamin has demonstrated a level of maturity beyond his years as he managed his commitment to water polo across the three areas of school, club and institute. As a scholarship holder for water polo at the WA Institute of Sport, he started each morning there before attending training with the Scotch College First team.

Benjamin is a gifted centre forward who applied himself to the best of his ability, playing full games in almost every fixture of the season. He was strong in his role, drawing numerous exclusions and scoring important goals even when attracting extra attention by the opposition. Benjamin adjusted his centre forward role to bring others into the game whenever possible. His play in attack was equal only to his impact at the back, where he helped in defence when needed.

Benjamin was instrumental as a leader during training and games, due to his ability to draw his peers, focus the group when games were in the balance and support the coach in executing plans. He has also attained national age group team selection and won a National Championship as a member of his 16 and under team.

Congratulations to Benjamin on receiving Honours for Achievement in Water Polo.
